- **Degrees Offered:**
  Minor
- **Official Program Curriculum:**
  [bulletin.ndsu.edu/undergraduate/program-curriculum/geography/](https://bulletin.ndsu.edu/undergraduate/program-curriculum/geography/)

Geography Minor

Emphases in the Geography minor program are:

1. gaining an understanding of the geographic perspective, and
2. acquiring skills in the use of spatial analysis tools (such as geographic information systems (GIS), computer mapping, and other computer applications).

A Geography minor may be taken in conjunction with a variety of majors such as social science and secondary education. Minor requirements are 18 credits selected in consultation with a geography adviser in the Department of Geosciences. Students preparing for teaching geography in the secondary schools should follow the School of Education ([https://www.ndsu.edu/education](https://www.ndsu.edu/education)) curricula.
